**THE TRIUMPH TIGER CUB AND TERRIER ASSOCIATION 2018 . (T.T.T.C).**

After some discussion regarding the future of the 'Original Triumph Terrier and Tiger Cub Club' I have decided to separate the functions of the club as I see it. The term "Club" does infer some connotations as to an organisation's structure and aims some of which we have never aspired to, or have been unable to achieve.

Some members have expressed a desire to promote more social occasions, runs and meetings etc. and to have a more formal structure along the lines of other organisations. This would mean establishing a legal entity with a management committee and officers to organise these aspects, which in the current world is probably a good thing should any dispute or claim occur in future, mostly to protect those officers from such claims.

On many past occasions I have appealed for volunteers to form such a committee but to little effect. Consequently, unless any suitable individuals come forward in the very near future, the "club" will continue in future in the form of a closed Facebook group which only authorised associate members can access. Very little will change in the way we operate and associates will still enjoy all the help and support with their projects, information and dating service, and discounts from suppliers. Your old membership card and number will still be valid. All communications will be by email.

The worldwide distribution of the old club's details by internet and other media is impossible to retrieve, (once it's up there it's up for ever), so expect to see it re-appear at times. Anybody coming across any of our old publicity material, on printed or other media, containing the word "club" please advise so we can take steps to revise or remove it. The website will change significantly over the remainder of 2018, but will still come up on google for the time being under "club". This will be replaced by a new simpler site under the "association" title as above, which will be linked to the Facebook pages. The two web sites will run together until April 2019 when the current domain agreement expires due to the sad demise of Martin Gelder.

Hopefully someone younger will take over the association when I can no longer continue but I hope the above arrangements will secure the immediate future of the organisation. Anyone wishing to discuss the above is welcome to contact me direct.

Please note: The work I personally do for owners, mainly regaining or obtaining registrations and other matters involving dating and contact with DVLA Swansea etc., will continue, but in future be considered totally separate from the Association's activities. I shall take full responsibility as a private individual for any matters arising from these transactions.

Mike Powell. October 2018
